The latter admit-ted that part of the improvement had been done under his requirements and seen done under his requirements and sno her portion, which he had condemned yesterday, had not. The committee on streets of the City Council had a consultation with the contractors and finally the latter consented to tear up a part of the work that had been done in order that it might be executed in a manner more satisfactory to the

committee.

The instructions to bidders and specifications and contract for that work were prepared by former City Engineer Donn, and are just as bid upon by Mr. J. C. Smith, who was the lowest bidder in 1898. The first clause in the specifications reads: 'It is the intention of the City Council of Alexandria, Va., that the work done under its charge must be first-class, and they require that the paving and curbing done under this contract shall be of such good material and with such good workman hip that the paving and curbing shall be and remain free from all settlements, defects, damages or undue wear for the ure of the street as a readway, or to the action of the elements, for the full term of five years from and after acceptance of the work."

There is much in the specifications and contract which offers protection to the city and property owners, who will have to pay the bills, besides the contractor gives a bond in the sum of \$2,500.

To BE ALLOWED TO CROSS .- The board of public works, in Richmond, last night granted the Southern Railway Company permission to cross the Washington, Alexandria and Mt. Vernon Railway at Royal and South streets in this city. The Southern is required to maintain the crossing, the electric line having the prior right of way, and to keep proper signals to guard against accident. This, it is said, the Southern Railway Company said, the Southern Railway Company guaranteed to do six months ago, when the work on the new road was commenced. It was at first proposed to stop all trains at the crossing and send a flagman ahead before proceeding. Under the arrangement perfected yesterday a semaphore will be erected by the Southern Company and operated by them, so that electric trains can proby them, so that electric trains can pro-ceed without stopping if the proper signals are displayed. The adjustment of the matter is satisfactory to all con-

DIED FROM THE OPERATION .- Ferguson Beach Johnson, the six-year-old son of Mr. John M. Johnson and whose critical illness was mentioned yester-day, died shortly after 9 o'clock last night at his parents' resident on Prince street, between Washington and St. Asaph. Yesterday the little fellow had an operation performed on him by Drs. Carr, of Washington, and McGuire and Smith, of this city, for appendicitis. Everything possible was resorted to in order to relieve the little sufferer but the operation showed that he was beyond human skill. He never manifested any signs of rallying, but continued to sink until the hour mentioned above when death brought his sufferings to a close. Every acquaintance of the stricken household sincerely sympathizes with them in their sad bereavement.

ARRESTED FOR EMBEZZLEMENT.—Snowden A. Mitchell, a salesman, thirty-five years old, whose home is in Washington, was arrested yesterday afternoon in that city on a warrant charging him with the embezzlement of \$218 from J. H. Crilly, of this city. Mitchell has been in Crilly's employ for a long time, but recently he has had a great deal of sickness in his family and has made use, it is said, of the funds which he had collected. Nothing was known of the shortage until several days ago, when, according to the story ARRESTED FOR EMBEZZLEMENT .days ago, when, according to the story told the police, he went to his employer and told him of his shortage, asking to be given time in which to return the money. Crilly, however, secured the warrant and the man was arrested. He was today held in \$500 bonds on a charge of grand larceny.

THE VIRGINIA GLASS WORKS, SC cording to custom, will close down within a week or ten days, and from that time until a renewal of operations, in the early part of the fall, the proprietors will devote their attention to an enlargement of the plant, which is to have its present capacity doubled. The past season has been an unusually presperous one, and it is confidently expected that during the coming fall the plant will be taxed to its utmost to meet the requirements of the trade.

THEOLOGICAL SEMINARY.

The 78th commencement of the Theo. logical Seminary of the Episcopal Church, near this city, took place today at 10 o'clock a. m., in the chapel. Bishop Gibson presided over the exercises on account of the absence of Bishop Whittle through ill-health. After prayer and the singing of a hymn four graduating sessays were read as follows: Conscience as the expression of man's spiritual relations to God, by William Ambrose Brown, M. A., of the Diocese of Southern Virginis; "The Oxford Movement," by Randolph Royal Claiborne, of the Diocese of Southern Virginis; "Music of the Bible," by William Jenkins, of the Diocese of Central Penesylvanis; "Church Unity," by Jacob Morton White, M. The body of Gen. Charles Bartlett, librarian of the Crimical Court building, was found this morning in East river, at New York, near the scene of the sinking of the ferrybeat Northfield. General Bartlett disappeared on the day the Northfield sank, and it is believed he was a victim of the wreck. He was 61 years old, and had wen distinction on the battlefield. One of the queerest consignments ever handled by a railroad company arrived in Washington today from North Carolina. It is a wooden box, covered with gauze, marked "400 mosquitoes." It was delivered to the Academy of Natural Fcience. The mosquitoes were imported to assist in solving the problem now agitating scientists, viz. The carrying of disease by the morquito and the surest means of eradication of the insect. POLITICAL. The delegation from Princess Anne county, which was instructed to vote for Montague for governor; Col. Joseph E. Willard, of Fairfax, for lieutenant E. Willard, of Fairfax, for lieutenant governor, and Senator Jeffries for attorney general, now declare that they are unwilling to abide by these instructions for lieutenant governor. They favor State Senator Lecato for the position, and declare that they misunderstood the purport of the Willard resolution, which went through the convention as a rider to the Montague instruction. The delegation declares it will never enter the convention with

IN MEMORIAM. In loving remembrance of our dear father, JAMES H. BEACH, who died June 20, 1900

one year ago today.

It was an early morning hour, One year ago today; The Angel of Death came down to earth And bore his soul away.

His gentle voice now is husbed, His warm, true heart is still; And on his sweet and peaceful face Is resting death's cold chill. His hands are clasped upon his breast,
We have kissed his levely brow;
And in our sching hearts we know,
We have no father now.

We miss thee from our home, dear father, We miss thee from thy place; A shadow o'er our life is cast, We miss the sunshine of thy face.

We miss thy kind and willing hand, Thy fond and earnest care; Our home is dark without thee, We miss thee everywhere. By His Children.

LAID AT BEST ONE YEAR AGO TODAY DEATH STOLE HER AWAY. The remains of FLORENCE ELMER, youngest daughter of Samuel C and Laurs F. Johnson, were re-moved from the Henderson vault to their last resting place this afternoon at 3 o'clock.

We had a little treasure once, She was our joy and pride. We loved her, shi perhaps to well, For soon she slept and died.

All is dark within our dwellior, Lonely are our hearts today— For the one we loved so dearly Has forever passed away.

Another little lamb has gone To dwell with Him who go Another little darling babe Is sheltered in the grave.

God needed one more angel child
Amidst his shining band;
And so he bent with loving smile
And clasped our darling's hand.
BY HER PARENTS.
